

Medical Optometry

Full-Time / Part Time - Private Practice

Our well-established, family-owned, and operated private practice, Optometric Associates, has been serving the New Holland, Pennsylvania community for 44 years with a strong record of continuous growth. We are committed to delivering state-of-the-art eye care that remains accessible and affordable to a diverse patient base.

We are currently seeking a dedicated optometrist with expertise in medical optometry to join our team! If you are passionate about providing exceptional patient care in a thriving private practice, we would love to hear from you.

What You'll Need:

- Doctor of Optometry (O.D.) Degree (or pending).
- Valid PA state license to practice optometry (or pending).
- Proficiency in understanding insurance billing basics (we can help train this with our tried and true billing techniques).
- Highly proficient in medical management specific to optometry and ophthalmology.
- Personable, compassionate individual who can bring a positive attitude and personality to our office environment.

Jonathan Andrews, OD, FAAO

Optometric Associates
117 West Main Street
New Holland, PA 17557

Why Work Here?

Environment: Voted "Best Eye Care Center in Lancaster" for 2020-2024, our team driven atmosphere excels in the overall patient experience. Practicing full-scope optometry is both challenging and rewarding. We would like to make full use of your talents and capabilities with our career opportunity. We encourage our associates to provide ideas for improving the patient experience, work environment, productivity, efficiency, and overall success of the company. We ensure that our doctors have the best equipment available to them so that they can provide their best care, including:

- iLux® and Lipiflow®
- EyePrint Prosthetics® Certified Practice
- Humphrey Visual Field 740i w/ Liquid Lens
- Cirrus OCTa 5000 w/ Angiography and anterior segment imaging for advanced CLs
- Zeiss IOL Master 5.4 A-Scan ultrasound
- Optos® RGP California w/ autofluorescence
- Keratograph 5M® Dry Eye Profile
- Pentacam HR® Tomography
- Fundus Photography
- Reichert G3 Ocular Hysteresis
- EyeResolution Diamond Series Slit Lamp
- Marco® 6100 and 5100 auto-refractors
- RightEye® Dynamic Vision Analyzer

What You'll Do:

As an optometrist in our practice, you will be able to practice to the fullest scope of your license. You can look forward to exciting day to day interactions with patients, including:

- Comprehensive dilated eye care, routine examinations, refractions, and contact lenses
- Urgent eye care! Same-day appointments for farming and manufacturing ocular injuries
- Foreign body removals including rust ring (daily)
- Prokera® amniotic membrane treatment
- Fitting custom soft and custom rigid gas permeable contact lenses and scleral contact lenses
- Meibomian gland analysis and treatment with industry leaders iLux® and Lipiflow®
- Management and treatment of advanced dry eye, ocular surface disease, macular degeneration, glaucoma (as well as surgical co-management), diabetic eye care, and amblyopia
- Keratoconus including cross linking surgery co-management.
- Vision therapy
- Myopia management (Paragon®, WAVE® Night Lens, MiSight®, among others)
- Analysis of fundus photography, visual fields, Pentacam® HR Tomography, Cirrus OCTa 5000, a-scan ultrasonography with IOL master, and meibography analysis
- LASIK/PRK consultations, referrals for same day procedures
- Day-1 surgical post-op care for refractive surgery, cross linking, & cataracts

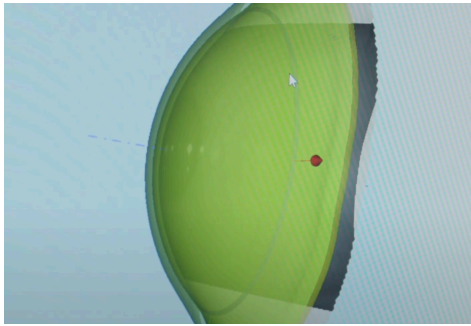

- Anterior segment photography/videography
- Shared on-call responsibilities one weekend per month (we rarely get called in)
- Occasional community outreach programs 2-3 times per year (no-cost community eye screenings, retirement home visits, open house at practice)

Schedule & Compensation:

We value work-life balance which means whether you're working part-time (20-30 hours per week) or full-time (30-40 hours per week) *you won't be scheduled to work weekends*. We can condense your schedule to a 4 day work week to always have 3 day weekend - an amazing way to practice optometry. We offer competitive wages and benefit packages for full-time employees including:

- Health Insurance
- 401k Retirement Plans
- Family Vision Care
- Dental benefits
- Paid Time Off (full time only)
- Salary range starting at \$70.00 per hour to \$110.00 per hour

Why You'll Love Our Location:

Optometric Associates is conveniently located just one hour from Philadelphia International Airport and within easy reach of major metropolitan areas. Our practice is only 25 minutes from Lancaster City, a vibrant hub known for its exceptional restaurants, microbreweries, and diverse shopping destinations. In fact, Lancaster was featured on Forbes Magazine's exclusive list of the "Best U.S. Places to Travel in 2019." Beyond the city, Lancaster County offers abundant opportunities for outdoor enthusiasts, including hiking, biking, and other recreational activities.

At Optometric Associates, our highly trained staff supports our doctors with advanced diagnostic testing, dry eye procedures, ocular impressions, foreign body removals, and much more. **And did we mention - we do not participate in vision insurance!**

At Optometric Associates, we are committed to expanding your medical knowledge and enhancing your clinical skills through a challenging and rewarding career in optometry. In our team-driven environment, doctors and staff collaborate to deliver exceptional patient care with clinical accuracy, efficiency, and a commitment to a positive and personalized patient experience.

We have recently expanded our practice to include a state-of-the-art facility featuring Eight modern examination lanes, five advanced testing rooms, a dedicated vision therapy suite, a specialized contact lens training room, and cutting-edge diagnostic and treatment technology. This expansion allows us to provide innovative, high quality eye care while offering a dynamic and fulfilling work environment for our team.

This is an exciting time to join our growing practice. If you're ready to advance your career in medical optometry, we invite you to apply. Please submit your cover letter and CV to Dr. Jonathan Andrews to take the next step toward a fulfilling career with Optometric Associates.
